# Tips for new competitors

## Don't worry if you haven't planned ahead:

- ☞ It doesn't matter if you haven't grown especially for the show.
- ☞ Read the schedule carefully and find classes where you have plenty to choose from. If you have 30 of something you are more likely to find a matching set.

## Picking and preparing

- ☞ Make sure you follow the instructions. If the schedule says "12 pods of peas" don't enter 11 or 13. You'll just get a disqualification sign saying "N.A.S." (Not as schedule). Similarly, if it says "under 250gms" that's what it means.
- ☞ When a class specifies more than one item to be shown, select items that are as similar to each other as you can.
- ☞ Don't worry if you don't think your entry is good enough. Everyone is thinking the same thing!

## Entering

- ☞ Allow plenty of time to register. You don't have to display your produce until Saturday morning, but do try and enter early. If you can, enter on the Friday evening when it will be quieter.
- ☞ Once you have entered there will be no opportunity add extra entries.
- ☞ You'll be given an exhibitor number. This goes on each of your entries.

## Staging

- ☞ Wash vegetables before arriving at the hut.
- ☞ Allow plenty of time, particularly if you might need help.
- ☞ Some paper plates, vases and sand are provided or bring your own.

## For more advice

- ☞ *Other plot holders will be very happy to help.*
- ☞ *Ask around in the society hut or join our Facebook group.*
